1. Full payment and approval are required before any order can be put into production.
2. Review your mocks and print specifications carefully. Mockups are for location (chest, back, sleeve, etc) reference. We strive for accuracy with mockups however due to the many variations between garments and brands, it's important to note that designs will be printed to the dimensions noted in the print specifications. The mockups are not a perfect guide for dimensions or placement.
3. Exact quantities are not guaranteed. Our overall spoilage rate is typically less than 2% per job, but Screen Printing and Embroidery is not a perfect process. If an exact quantity is needed, please let your account manager know before approving your order so that we can better accommodate your needs.
4. Production turnaround time is 10-14 business days.
5. By accepting our quote you agree to the Terms & Conditions.
